No. 3

GOVERNMENT OF GOA

Department of Power
Office of the Chief Electrical Engineer

Notification

120/2/CEE/TECH/2200

In exercise of the powers conferred by section 23 read with section 51A, of the Indian Electricity Act, 1910 (Central Act 9 of 1910) and section 21 of the General Clauses Act, 1897 (Central Act 10 of 1897), the Government of Goa hereby amends the Government Notification No.120/2/CEE/TECH/ dated 31st December, 1998, published in the Official Gazette (Extraordinary), Series I No. 40 dated 31-12-1998 (hereinafter called the "principal Notification") as follows:-

(i) In the principal Notification under the heading "B High Tension Supply", after item at Sr. No. 13, the following item shall be inserted, namely:-

"13A. *H.T. Industrial (Metallurgical)*—Applicable to supply of power at 11 KV and 33KV having a contract demand above 100 KVA for Metal Alloy, Steel Melting, Ferro Alloy and Steel Rolling Mills and metallurgical industries.

Demand Charges	Plus Energy Charges	Ps/Unit (KWH)
(a) Rs. 110/- per month per KVA of billing demand upto contract demand.	For First 1,00,000 Units Next 1,00,000 Units	290 305
(b) For billing demand in excess of contract demand, Rs. 220/- per KVA per month.	Balance consumption above 2,00,000 units	320

Minimum Charges: Monthly minimum charges @Rs.600 per KVA per month or part thereof of contract demand or billing demand charges plus actual energy charges, whichever is higher.

Note: (a) Lighting upto 10% of the monthly energy consumption is allowed under HT Industrial (Metallurgical) tariff, for bonafide factory lighting purposes. Excess is chargeable under "Tariff LTC/ Commercial" specified at Sr. No. 2 under the heading "(A) Low Tension Supply".

(b) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meter etc. are permitted to be owned and maintained by HT consumers, all energy consumed shall be charged at under "Tariff -LTD/Domestic and Non-Commercial" specified at Sr. No. 1(a) under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

(d) In the event of Force Majeure situation, only 75% of the contract demand or guaranteed line minimum charges, whichever is higher, shall be billed, instead of monthly minimum charges as stipulated above.

(e) The connected load of this category of installations are subject to verification periodically.

This Notification shall come into force from the date of its issue.

By order and in the name of the Governor of Goa.

R. A. Ghali, Chief Electrical Engineer.

Panaji, 1st October, 1999.
